No cloth in history has been so studied as the Holy Shroud. And still, this linen remains a mystery. Is it the ancient burial cloth of Jesus providing in its fabric the story of His passion and resurrection? What do modern blood and DNA studies reveal? Are there images of flowers, soil and pollen on the Shroud that trace its history? What do pathologists say about the wounds and the weapons that created them? These questions as well as new scientific and historical evidence are discussed in this free one hour intriguing presentation supporting the authenticity of the Shroud accompanied with many colorful PowerPoint slides.
